The basics explained

Before we dive into the plan details, it may be helpful to review some health benefit basics.

What you pay and what your plan pays

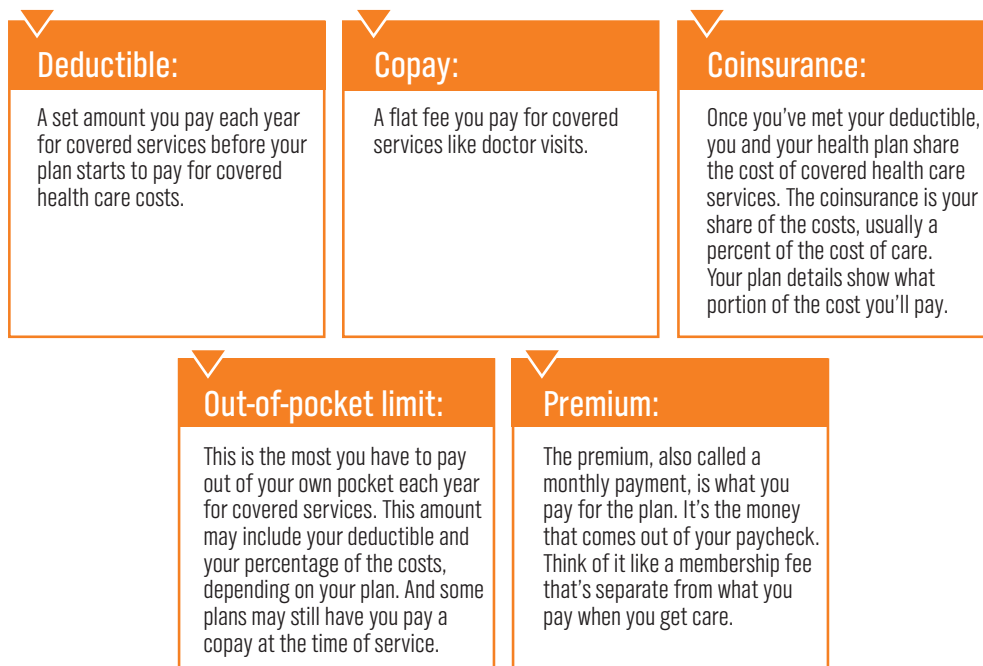

This chart is only an example. Your actual cost share will depend on your plan, the service you get and the doctor you choose. Check your plan details to see your actual share of the cost.

Words that are helpful to know

We can help you crack the code of health insurance lingo. Here are the meanings of some common terms:

Using your plan

How to use your plan

Once you've chosen a plan, explore how to make the most of your benefits. Here you'll learn simple ways to make using your plan easy. Plus, you'll discover tools and resources that can help you reach your health and wellness goals. With Anthem, supporting your healthiest self is all part of the plan!

How to use your plan

Use your ID card right from your phone

Engage Wellbeing — **Engage** acts like a personalized health assistant by connecting you to the right benefits and programs at the right time. You can use it to find a doctor, get ratings and reviews, show your ID card at the doctor, view your claims, compare costs, track your health goals, and more. Get started by downloading the **Engage Wellbeing** mobile app.

Register for online tools and resources

Accessing your health plan on your mobile phone or computer makes life so much easier. Register on the **Engage Wellbeing** mobile app and **anthem.com** to get personalized information about your health plan and more. You can:

- Quickly access your digital ID card.
- Find a doctor and estimate your costs before you go.
- View your claims, see what's covered and what you may owe for care.
- Get support managing your health conditions and tracking your goals.
- Update your email and communication preferences.

How to use your plan

Find a doctor in your plan

The right doctor can make all the difference — and choosing one in your plan can save you money, too. So you'll be happy to know your plan includes lots of top-notch doctors. If you decide to get care from doctors outside the plan, it'll cost you more and your care might not be covered at all.

It's easy to find a doctor in your plan. Simply use the **Find Care** tool on the **Engage Wellbeing** mobile app or at **anthem.com** to search for doctors, hospitals, labs and other health care professionals.

You may choose to see an Enhanced Personal Health Care (EPHC) doctor as your primary care doctor. EPHC doctors spend extra time with you to provide high-quality care that is focused on your whole health, not just your symptoms. This includes building a care plan around your needs, helping you better manage any chronic disease and helping you get access to specialists when you need them.

Schedule a checkup

Preventive care, like regular checkups and screenings, can help you avoid health problems down the road. Your plan covers these services at little or no extra cost when you see a doctor in your plan:

- Yearly physicals
- Well-child visits
- Flu shot
- Routine shots
- Screenings and tests

Check your plan details on the **Engage Wellbeing** mobile app or **anthem.com** to confirm what preventive care is covered.

How to use your plan

Travel with peace of mind

Your health plan goes with you when you're away from home and need care immediately. The BlueCard® program gives you access to care services across the country. This includes 93% of doctors and 96% of hospitals in the U.S.¹ If you're traveling out of the country, you can get care through the Blue Cross Blue Shield Global® Core program. It gives you access to doctors and hospitals in more than 190 countries and territories around the world.

If you're in the U.S., go to **anthem.com**. When you're outside the U.S., visit **bcbsglobalcore.com** or download the BCBS Global Core mobile app. You also can call Blue Cross Blue Shield Global Core 24/7 at 011-800-810-BLUE (2583) or call collect. To call collect, dial 0170, then tell the operator you'd like to call 011-804-673-1177.

Questions about travel benefits? Call the Member Services number on your ID card before you leave home.

See a doctor from home

You can have a video visit with a doctor using your mobile phone, tablet or computer with a webcam, whether you're at home, at work or on the go. Doctors are available around the clock for advice, treatment and prescriptions.² Just go to **livehealthonline.com** or download the LiveHealth Online mobile app to get started.

Where to go for care when you need it now

When it's an emergency, call 911 or head to the nearest emergency room.

But when you need nonemergency care right away:

- Check to see if your primary care doctor can see you.
- Search for nearby urgent care – and avoid costly emergency room visits and long wait times.
- See a doctor anytime using LiveHealth Online. It works on your mobile phone, tablet or computer with a webcam.
- Call the 24/7 NurseLine and get helpful advice from a registered nurse.

Where to get care

24/7 NurseLine — You can connect with a registered nurse who'll answer your health questions wherever you are — anytime, day or night. They can help you decide where to go for care and find providers in your area. All you have to do is call **1-800-337-4770**.

Anthem Health Guides — Highly trained Anthem associates are like personal support guides who can help you with all your health care needs. They can help you connect with the right resources, stay on top of the screenings and tests you need, find doctors, and more. Reach a health guide by calling the number on your member ID card. You also can go to **anthem.com** to send a secure email or chat with them online.

Behavioral Health Resource — When dealing with behavioral health issues like depression, anxiety, substance abuse or eating disorders, extra support can make a big difference. Our caring professionals will work with you to arrange counseling and support services that meet your individual and family needs. Just call **1-866-785-2789**.

Blue Distinction® Centers — If you are having surgery or a major procedure like knee or hip replacement, look for one of these two designations: Blue Distinction Centers or Blue Distinction Centers+. These hospitals are recognized for excellent care and faster recovery times. Blue Distinction Centers+ are also recognized for lower costs. Best of all — you don't pay extra for access to a Blue Distinction Center. It's part of your plan.

Cancer Resources — The Stronger Together website is a great resource for anyone facing cancer. You'll find tools and information that can help you make shared treatment decisions, prepare for care or develop a care plan, manage symptoms, find caregiving support, and more. Visit **cancerresources.anthem.com**.

Case Management — If you're coming home after surgery or have a serious health condition, a nurse care manager can help answer your questions about

Skip the ER

When it's not an emergency, get quick care with these options

When you need care right away and your doctor isn't available, the emergency room (ER) might be your first choice. But did you know how many ER visits are unnecessary? ERs aren't the best choice in every situation, especially when you can **save about \$1,100** by going somewhere else when it's not an emergency.^{1, 2, 3} And you won't have to wait as long.

Here's what to do when you need care fast

Step 1: Call your primary care doctor or 24/7 NurseLine

Your doctor can help you decide where to get care, whether it's a visit to his or her office, going to the ER or somewhere else. If your doctor isn't available, you can call the **24/7 NurseLine** at the number on the back of your ID card to help you decide what to do.

Step 2: If it's not an emergency, choose one of these options to save you time and money

Depending on your needs, you've got these choices:

- **Retail health clinic** — Usually in a major pharmacy or retail store where you can get basic health care services from a health care professional.
- **Walk-in doctor's office** — No appointment is needed for routine care and common illnesses.
- **Urgent care center** — For conditions that need care right away such as stitches, lab tests or X-rays.
- **LiveHealth Online** — Have a video visit in minutes with a board-certified doctor 24/7 on your smartphone, tablet or computer with a webcam. No appointment is needed. Just go to **livehealthonline.com** or download the free app to register and get started.

These options are more convenient than the ER. They're often open at night and on weekends, so you don't have to wait to get treated.

If you're an HMO member, talk to your primary care doctor to understand your options for quick care. Your doctor can also help you find quick care centers in your plan.

When to head to the ER

If you think it's a true emergency, call **911** or go to the nearest ER.

Where to get care quickly³

	Who usually provides care	Estimated average cost ²	When to go
Emergency Room 	Doctors trained in emergency medicine	For non-emergencies: 4 hours \$1,404	<ul style="list-style-type: none"> Coughing up or vomiting blood Symptoms feel life-threatening or disabling Chest pain or severe shortness of breath Major injury or broken bones Sudden or unexplained loss of consciousness

LiveHealth Online 	Board-certified doctors	10 minutes \$59 or less	<ul style="list-style-type: none"> Allergic reactions (minor) Headache (minor) Nausea or diarrhea Cold, cough and sore throat Sinus pain and fever (minor) Eye or ear pain or irritation Burning with urination

Be prepared

- **Get the right care.** Whether that's finding the right doctor, specialist, therapist or something else altogether. Just use the Find a Doctor tool at anthem.com or call the Member Services number on your ID card and we'll guide you somewhere that's part of your plan.
- **Find care near you whenever you need it.** Download the Anthem Anywhere app to find an urgent care center, retail health clinic or walk-in doctor's office quickly and get driving directions. Just search for "Anthem Anywhere" at the App Store® or Google Play.™

Watch this video on where to get care when you need it right away and how to save money.

Money-saving tip

Visit hospitals and doctors that are in your plan. If you don't, you'll often pay much more out of pocket for your care.

¹ If you get care from a health professional or facility that is not in your health plan, you may have much higher out-of-pocket costs.

² National averages of the total cost, not what members paid based on Anthem members' paid claims from January 1, 2016 through December 31, 2016.

³ If you use the ER and it's not a true emergency, your claim could be denied and you may be responsible for the full cost of your ER care.

Access

to the highest quality of care

Your employees deserve nothing less

When your employees have serious health problems, they need an extraordinary level of care. National **Blue Distinction Centers for Specialty Care®** meet or exceed the highest standards of care set by independent medical organizations and experts.

Because you chose a quality health plan for your employees, they have access to Blue Distinction Centers in these specialties:

- Cardiac care
- Knee and hip replacement
- Spine surgery

Quality care means better health and lower cost

Blue Distinction Centers for Spine Surgery showed 17.9% fewer readmissions (30-day) and 13.3% fewer complications than non-designated hospitals. In addition, the cost savings for using the Blue Distinction Centers+ spine surgery facilities was 21.6%.

Blue Distinction Centers for Knee/Hip Replacements also had fewer re-admissions (14.3%) and complications (11.1%) than non-designated hospitals. The cost savings at the Blue Distinction Centers+ for Knee/Hip Replacements was 22.5%. Healthier employees could mean a healthier bottom line for your business.

For more information about Blue Distinction Centers, contact your Anthem representative.

Now you can see a board-certified psychiatrist to help you manage medications.¹ Whether you're at home, at work or on the go. Just download the free LiveHealth Online app to your mobile device or visit livehealthonline.com on a computer with a webcam.

When is LiveHealth Online Psychiatry available?

You can have a video visit with a psychiatrist usually in two weeks.² Appointments, which are also available on evenings and weekends, can be scheduled online or over the phone at **1-888-548-3432** from 8 a.m. to 8 p.m., seven days a week.

What can psychiatrists on LiveHealth Online help me with?

Psychiatrists on LiveHealth Online can help you manage some of your medications. Keep in mind, though, they can't prescribe medications that are controlled substances.

For counseling sessions, contact a psychologist or therapist on LiveHealth Online Psychology. Remember, if you're in crisis or having suicidal thoughts, get help right away or call 911.

How much does it cost to use LiveHealth Online Psychiatry?

You'll see your cost before the visit starts. Your Anthem plan includes benefits for video visits using LiveHealth Online, so you'll just pay your share of the costs.

Will I be charged more if I use LiveHealth Online Psychiatry on weekends, holidays or at night?

No, the cost is the same.

How do I pay for a LiveHealth Online Psychiatry visit?

You can use PayPal, American Express, Visa, MasterCard and Discover cards to pay for an online visit.

How can I make an appointment?

For your first visit, set up a time by going online, using the mobile app or calling LiveHealth Online:

- **Online:** Visit livehealthonline.com and sign up or log in. Once you've logged in, select **LiveHealth Online Psychiatry** to schedule an appointment with the board certified doctor you would like to see.
- **Mobile app:** Download the free LiveHealth Online mobile app from the App Store® or on Google Play™ and then sign up or log in. Once you've logged in, choose **LiveHealth Online Psychiatry**. Next, select from available doctor's after checking out their qualifications and arrange a visit.
- **Phone:** You can also call **1-888-548-3432** from 8 a.m. to 8 p.m., seven days a week.

In most cases, you can make an appointment to see a psychiatrist in two weeks.² This may be sooner than waiting for an office visit. LiveHealth Online will send you an email confirming your appointment.

What type of computer do I need to use LiveHealth Online?

You'll need high-speed Internet access, a webcam or a built-in camera with audio. To learn what computer hardware and software you need, go to livehealthonline.com and select **Frequently asked questions** under the *How it works* tab.

How do I know if a psychiatrist is in my plan?

When you log into livehealthonline.com, the psychiatrists you see on the website are part of your plan. Make sure you select the state where you are to see the most current list of psychiatrists.

How old do I have to be to see a psychiatrist?

You must be 18 years old or older to schedule a visit.

What if I still have questions about using LiveHealth Online?

Send an email to customersupport@livehealthonline.com or call toll free at **1-888-548-3432**.

If you send us an email, please be sure to include:

- Your name
- Your email
- A phone number where you can be reached

1 Prescriptions determined to be a "controlled substance" (as defined by the Controlled Substances Act under federal law) cannot be prescribed using LiveHealth Online. Psychiatrists on LiveHealth Online will not offer counseling or talk therapy.
2 Appointments subject to availability.

Online counseling is not appropriate for all kinds of problems. If you are in crisis or have suicidal thoughts, it's important that you seek help immediately. Please call 1-800-784-2433 (National Suicide Prevention Lifeline) or 911 and ask for help. If your issue is an emergency, call 911 or go to your nearest emergency room. LiveHealth Online does not offer emergency services.

A warm hello from Anthem Blue Cross and Blue Shield

We care about your health, so you might get a confidential call from us

If you ever get a phone call from us, don't worry — it's our way of letting you know we care about your health! We'll reach out to share important health information, appointment or health care reminders, or to let you know about a wellness program you may be eligible for. Our calls are always confidential, so you can feel comfortable talking with us.

We call with your best interest at heart.

You can talk with us about concerns, such as losing weight, quitting smoking, preparing for surgery or making healthier life choices. If you're expecting a baby, we might introduce you to a supportive program that can help you enjoy a healthier pregnancy. Best of all, these programs don't cost you a thing. And we'll always explain how they work with your benefits.

Keep in mind:

- **We aren't "selling" anything — we promise.** We only call when we've noticed an area where we can help. The suggestions or programs we'll recommend are already included in your health benefits.
- **We'll ask you to verify your name and date of birth.** That's because we want to make sure we're speaking to the right person before we discuss your health. It's a way to protect your personal health information.

Need to talk now? You can give us a call, too.

You can always reach out to us. We're here to help. Just call the Member Services number on the back of your ID card. We're here for you and want you to enjoy the best health possible. You deserve it.

Don't want to get a call? That's OK too, but you have to let us know. Just call the same Member Services number on the back of your ID card.

Our phone calls make a big difference

In fact, about 90% of people who talked with our health and wellness team members said they felt supported in making the best decisions.*

Meet your new health champion

Enhanced Personal Health Care doctors go above and beyond for you

Whether you go to the doctor rarely or often, you should find a primary care physician (PCP) you like and trust. Checking out Enhanced Personal Health Care (EPHC) doctors is a great way to start your search. Enhanced Personal Health Care professionals (including primary care doctors and other medical staff) have agreed to provide high-quality care and focus on your whole health — not just your symptoms. In fact, Anthem Blue Cross and Blue Shield members who choose an EPHC doctor are happier with their doctors and their overall health.*

Your Enhanced Personal Health Care doctor has agreed to go above and beyond and:

- Focus on preventing illnesses and helping you get healthy faster and stay healthy longer.
- Coordinate your overall health care to avoid any gaps in care. This entails things like setting up appointments with specialists to ensuring you're following your prescription plan and getting the right tests and screenings regularly.
- Help you avoid unnecessary medical services and tests, saving you money and reducing stress.
- Use specialized health information to help them better coordinate and manage your care.
- Be available to you 24/7 through extended office hours, after-hours call coverage and sometimes even online.
- Spend extra time with you to get to know you and your health goals.
- Contact you when you're due for a preventive exam or screening.

Choose the kind of professional who's right for you

- **Family practice/general practice** — These doctors offer a wide range of care, from check-ups to pregnancy care. This type of doctor might be a good choice if you want to keep all of your family members under the same doctor's care. A doctor who treats everyone in a family can sometimes get a better view of each person's health.
- **Internal medicine** — Internal medicine doctors mainly treat adults and offer a range of care, including preventive care. But they may have special knowledge about certain health problems. So if you have a long-term health problem, an internist who also focuses on that particular problem may be a good fit for you.
- **Pediatricians** care for infants, children, and adolescents.
- **Nurse practitioners and physician assistants** aren't doctors, but they've had lots of training. They can do many of the same things that doctors do.

Ready to find your Enhanced Personal Health Care doctor?

1. Log in or register at **anthem.com**.
2. Under **Find a Doctor**, enter your location and search distance. Be sure to select the boxes for *Able to serve as primary care physician (PCP)* and *Enhanced Personal Health Care*.
3. Choose **Search** and you'll see a list of available doctors near you.

* AEPHC Patient Experience Survey Results. In 2015, 2,751 EPHC patient interviews were conducted across four distinct EPHC patient populations: 746 interviews for non-EPHC Group. Analyses conducted across patient experience domains to identify performance of EPHC providers over time, and, comparative performance to non-EPHC providers.

Take care of yourself

Use your preventive care benefits

Regular checkups and exams can help you stay healthy and catch problems early — when they are easier to treat.

That is why our health plans offer all the preventive care services and immunizations below at no cost to you.¹ As long as you use a plan doctor, pharmacy or lab, you will not have to pay anything. If you go outside the plan, you may have out-of-pocket costs.

If you are not sure which services make sense for you, talk to your doctor.

Preventive vs. diagnostic care

Preventive care helps protect you from becoming sick. If your doctor recommends services even though you have no symptoms, that is preventive care. Diagnostic care is when you have symptoms and your doctor recommends services to find out what is causing those symptoms.

Adult preventive care

Preventive physical exams

Screening tests

- Alcohol misuse: related screening and behavioral counseling
- Aortic aneurysm screening (for men who have smoked)
- Behavioral counseling to promote a healthy diet

Women's preventive care

- Well-woman visits
- Breast cancer, including exam, mammogram, and genetic testing for BRCA 1 and BRCA 2 when certain criteria are met⁴
- Breastfeeding: primary care intervention to promote breastfeeding support, supplies and counseling^{6,7,8}
- Contraceptive (birth control) counseling
- Food and Drug Administration (FDA)-approved contraceptive medical services, including sterilization, provided by a doctor
- Counseling related to chemoprevention for those at high risk for breast cancer
- Counseling related to genetic testing for those with a family history of ovarian or breast cancer
- HPV screening
- Screening and counseling for interpersonal and domestic violence
- Pregnancy screenings, including gestational diabetes, hepatitis B, asymptomatic bacteriuria, Rh incompatibility, syphilis, HIV and depression⁷
- Pelvic exam and Pap test, including screening for cervical cancer

These preventive care services are recommendations of the Affordable Care Act (ACA or health care reform law). They may not be right for every person, so ask your doctor what is right for you.

A word about pharmacy items

For 100% coverage of your over-the-counter (OTC) drugs and the following pharmacy items, you must:

- Meet certain age requirements and other rules.
- Receive prescriptions from plan doctors and fill them at plan pharmacies.
- Have prescriptions (even for the OTC items).

Adult preventive drugs and other pharmacy items — age appropriate

- Aspirin use (81 mg and 325 mg) for the prevention of cardiovascular disease (CVD), preeclampsia and colorectal cancer in adults younger than 70 years of age
- Colonoscopy prep kit (generic or OTC only) when prescribed for preventive colon screening
- Generic low-to-moderate dose statins for members ages 40 to 75 who have one or more CVD risk factors (dyslipidemia, diabetes, hypertension or smoking)
- Tobacco-cessation products, including all FDA-approved brand-name and generic OTC and prescription products, for those ages 18 and older
- Pre-exposure prophylaxis (PrEP) for the prevention of HIV

Child preventive drugs and other pharmacy items — age appropriate

- Dental fluoride varnish to prevent the tooth decay of primary teeth for children ages 0 to 5 years
- Fluoride supplements for children ages 6 months to 16 years

Women's preventive drugs and other pharmacy items — age appropriate

- Contraceptives, including generic prescription drugs, brand-name drugs with no generic equivalent and OTC items like female condoms and spermicides⁷
- Low-dose aspirin (81 mg) for pregnant women who are at increased risk of preeclampsia
- Folic acid for women ages 55 or younger who are planning and able to become pregnant
- Breast cancer risk-reducing medications, such as tamoxifen, raloxifene and aromatase inhibitors, that follow the U.S. Preventive Services Task Force criteria^{2,9}

For a complete list of covered preventive drugs under the Affordable Care Act, view the Preventive ACA Drug List flyer at [anthem.com/pharmacyinformation](https://www.anthem.com/pharmacyinformation).

¹ The range of preventive care services covered at no cost share when provided by plan doctors is designed to meet state and federal requirements. The Department of Health and Human Services decided which services to include for full coverage based on U.S. Preventive Services Task Force A and B recommendations, the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC), and certain guidelines for infants, children, adolescents and women supported by Health Resources and Services Administration (HRSA) Guidelines. You may have additional coverage under your insurance policy. To learn more about what your plan covers, see your **Certificate of Coverage** or call the Member Services number on your ID card.

² You may be required to receive preapproval for these services.

³ The Centers for Disease Control and Prevention (CDC)-recognized diabetes prevention programs are available for overweight or obese adults with abnormal blood glucose or who have abnormal CVD risk factors.

⁴ Some plans cover additional vision services. Please see your contract or **Certificate of Coverage** for details.

⁵ Check your medical policy for details.

⁶ Breast pumps and supplies must be purchased from plan providers for 100% coverage. We recommend using plan durable medical equipment (DME) suppliers.

⁷ This benefit also applies to those younger than age 19. A cost share may apply for other prescription contraceptives, based on your drug benefits. Your cost share may be waived if your doctor decides that using the multisource brand is medically necessary.

⁸ Counseling services for breastfeeding (lactation) can be provided or supported by a plan doctor or hospital provider, such as a pediatrician, obstetrician/gynecologist or family medicine doctor, and hospitals with no member cost share (deductible, copay or coinsurance). Contact the provider to see if such services are available.

⁹ Aromatase inhibitors are included, effective October 1, 2020.

Skip the drugstore – have your medicine delivered to your home!

Why wait in line at the drugstore if you don't have to? If you take prescribed medicine on a regular basis, you can get up to a 90-day supply delivered to your door.¹ And depending on your plan, you may save on copays because the cost of a 90-day supply of many drugs is usually less than three 30-day refills. Standard shipping is free, and you can even set up automatic refills and renewals.

Getting set up for home delivery is easy:

Go online to get started.

Go to anthem.com, log in and choose **Pharmacy**. On your personal pharmacy page, select **View Your Prescriptions** under *Switch to a 90-Day Supply*.

For the drugs you want to switch to home delivery, choose **Switch to a 90-day Supply** and then **Select Prescriber**. You can also add or update your shipping address, shipping options and payment method on this page.

Pay for your prescription.

We make it easy. You can pay by credit or debit card, flexible spending account, health savings account or electronic funds transfer (EFT).

To set up your payments, select **Complete your Profile and Communication Preferences** from your personal pharmacy page, then **Change Payment Method** to choose how you'd like to pay, sign up to pay online or add/update your credit card on file.

Need help?

Call the home delivery pharmacy at 1-833-236-6196
and we'll get you started.

Send in your prescription.

If you prefer to mail in your order, complete the *Home Delivery Order Form* found in the forms library on [anthem.com](https://www.anthem.com), and submit it to the address shown. Be sure to include your prescription information and payment.

You may also want to ask your doctor for a 30-day prescription, which you can get filled at your regular pharmacy to make sure you have enough medicine to last until you get your first home delivery prescription.

A few important things to know

- If your doctor prescribes a brand-name drug, your pharmacy plan may require the home delivery pharmacy to send a generic version instead.
- All prescriptions and refills, including those sent by your doctor, will be filled as soon as the home delivery pharmacy gets them.
- In most cases, your first order will arrive within two weeks. After that, the orders will arrive within one week.
- If you need your medicine sooner, you can call the home delivery pharmacy and ask for overnight delivery. You'll be charged extra for the faster shipping.
- Your orders will be delivered by the U.S. Postal Service, UPS or FedEx.
- With some drugs, you may need to sign to accept delivery.²

¹ Supplies vary based on your pharmacy plan design.

² Drugs that are defined as controlled substances are highly regulated, which requires the home delivery pharmacy to follow special rules for filling these prescriptions.

Notes:

- All medical deductibles, copayments, and coinsurance apply toward the out-of-pocket (excluding Prescription Drug cost share options and Non-network Human Organ and Tissue Transplant (HOTT) Services).
- Deductible(s) apply only to covered medical services listed with a percentage (%) coinsurance. However, the deductible does not apply to Emergency Room Services @ Hospital where a percentage (%) coinsurance applies to other covered services.
- Network and Non-network deductibles, copayments, coinsurance and out-of-pocket maximums are separate and do not accumulate toward each other.
- Dependent Age: to end of the month which the child attains age 26.
- Specialist copayment is applicable to all Specialists excluding General Physicians, Internist, Pediatricians, OB/GYN's and Geriatrics or any other Network Provider as allowed by the plan.
- Physicians Home and office visit copayment also applies if the office visit is billed with allergy injections.
- No copayment/coinsurance means no deductible/copayment/coinsurance up to the maximum allowable amount. 0% means no coinsurance up to the maximum allowable amount. However, when choosing a Non-network provider, the member is responsible for any balance due after the plan payment.
- PCP is a Network Provider who is a practitioner that specializes in family practice, general practice, internal medicine, pediatrics, obstetrics/gynecology, geriatrics or any other Network provider as allowed by the plan.
- SCP is a Network Provider, other than a Primary Care Physician, who provides services within a designated specialty area of practice.
- Benefit period = calendar year
- Private Duty Nursing limited to 82 visits/calendar year and 164 visits/lifetime

¹These covered services are not subject to the deductible/copayment if you have a flat dollar copayment and if rendered without an office visit.

²We encourage you to contact Our Mental Health Subcontractor to assure the use of appropriate procedures, setting and medical necessity. Refer to Schedule of Benefits for limitations.

³Kidney and Cornea are treated the same as any other illness and subject to the medical benefits.

⁴Blue Distinction Total Care+ (BDC+) facilities can be found on www.anthem.com, provider directory under Hospitals. Network benefits, facility and professional, will be paid at a higher level when knee/hip replacements, cardiac PCI and CBG surgeries and spine surgeries including discectomy, fusion and decompression procedures are performed at these facilities.

⁵Benefits may be denied for certain avoidable Emergency Room visits. See your certificate of benefits for details.

Precertification:

Members are encouraged to always obtain prior approval when using non-network providers. Precertification will help avoid any unnecessary reduction in benefits for non-covered or non-medically necessary services.

This summary of benefits is intended to be a brief outline of coverage. The entire provisions of benefits and exclusions are contained in the Group Contract, Certificate and Schedule of Benefits. In the event of a conflict between the Group Contract and this description, the terms of the Group Contract will prevail.

The legal stuff we're required to tell you

How we keep your information safe and secure

As a member, you have the right to expect us to protect your personal health information. We take this responsibility very seriously, following all state and federal laws, as well as our own policies.

You also have certain rights and responsibilities when receiving your health care. To learn more about how we protect your privacy, your rights and responsibilities when receiving health care, and your rights under the Women's Health and Cancer Rights Act, go to [anthem.com/privacy](https://www.anthem.com/privacy). For a printed copy, please contact your Benefits Administrator or Human Resources representative.

How we help manage your care

To see if your health benefits will cover a treatment, procedure, hospital stay or medicine, we use a process called utilization management (UM). Our UM team is made up of doctors and pharmacists who want to be sure you get the best treatments for certain health conditions. They review the information your doctor sends us before, during or after your treatment. We also use case managers. They're licensed health care professionals who work with you and your doctor to help you manage your health conditions. They also help you better understand your health benefits.

To learn more about how we help manage your care, go to [anthem.com/memberrights](https://www.anthem.com/memberrights). To request a printed copy, please contact your Benefits Administrator or Human Resources representative.

Special enrollment rights

Open enrollment usually happens once a year. That's the time you can choose a plan, enroll in it or make changes to it. If you choose not to enroll, there are special cases when you're allowed to enroll during other times of the year.

- **If you had another health plan that was canceled.** If you, your dependents or your spouse are no longer eligible for benefits with another health plan (or if the employer stops contributing to that health plan), you may be able to enroll with us. You must enroll within 31 days after the other health plan ends (or after the employer stops paying for the plan). For example: You and your family are enrolled through your spouse's health plan at work. Your spouse's employer stops paying for health coverage. In this case, you and your spouse, as well as other dependents, may be able to enroll in one of our plans.
- **If you have a new dependent.** You gain new dependents from a life event like marriage, birth, adoption or if you have custody of a minor and an adoption is pending. You must enroll within 31 days after the event. For example: If you got married, your new spouse and any new children may be able to enroll in a plan.
- **If your eligibility for Medicaid or SCHIP changes.** You have a special period of 60 days to enroll after:
 - You (or your eligible dependents) lose Medicaid or the State Children's Health Insurance Program (SCHIP) benefits because you're no longer eligible.
 - You (or eligible dependents) become eligible to get help from Medicaid or SCHIP for paying part of the cost of a health plan with us.
