

How to Complete Your Health Profile Android

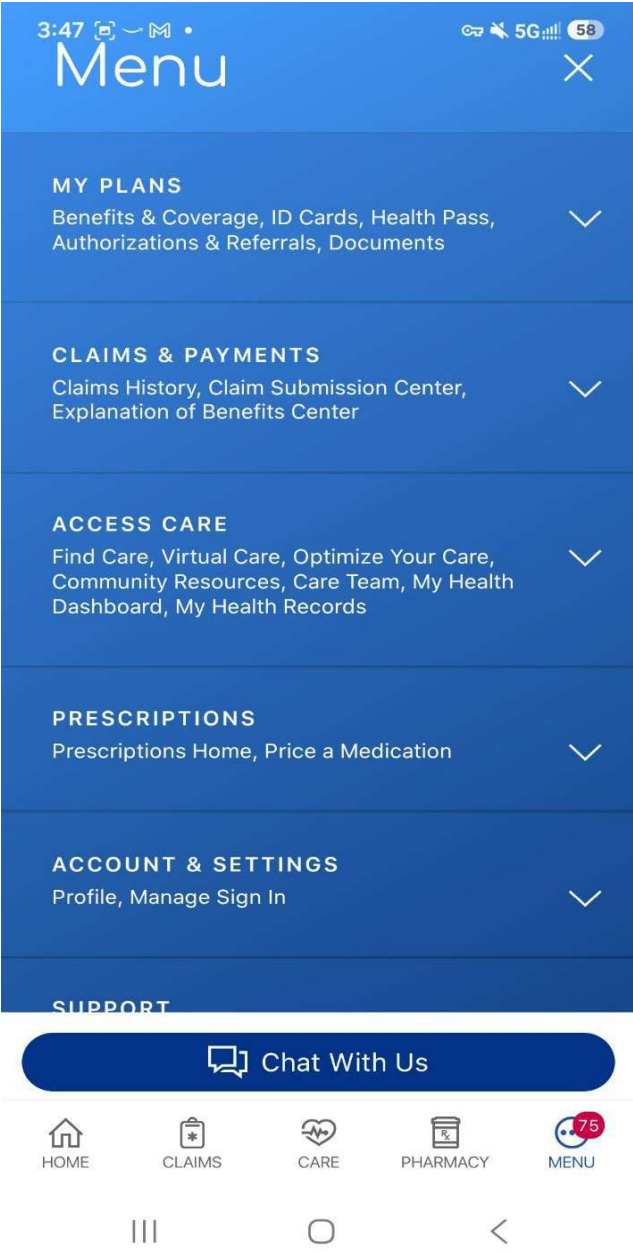

Step 1: Open the Sydney App

From the home screen, tap **Menu** in the bottom-right corner.

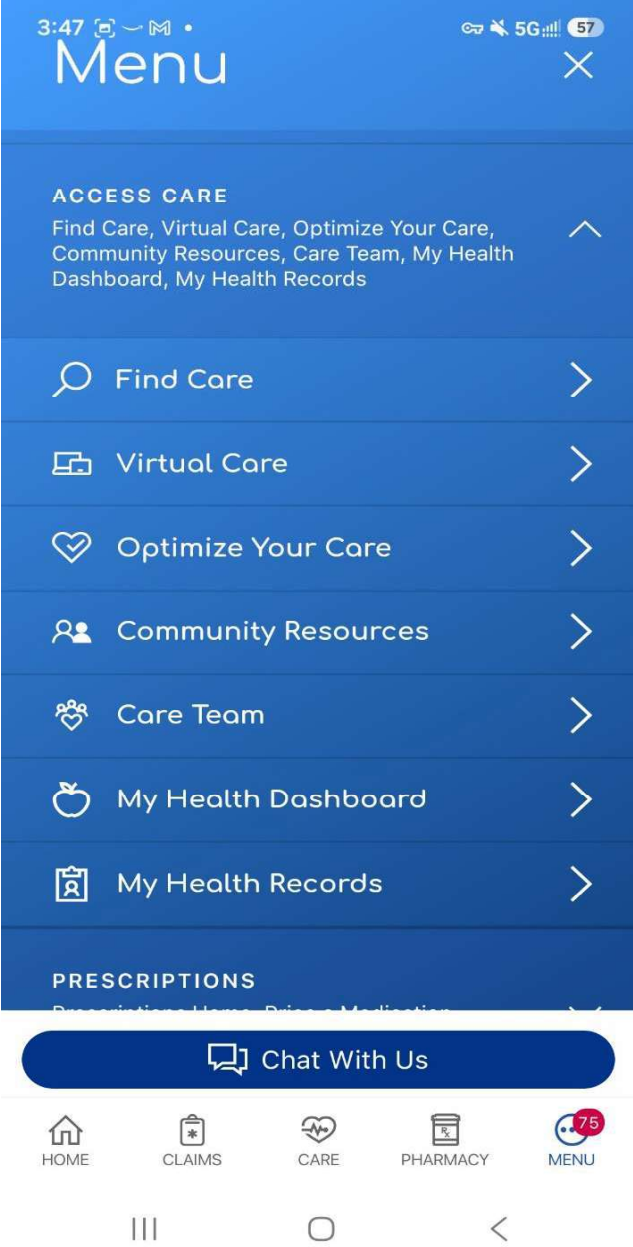

Step 2: Open Access Care

In the Menu, expand or select **Access Care**.

Step 3: Open My Health Dashboard

Under Access Care, tap **My Health Dashboard**.

Step 4: Take the Assessment

On the My Health Dashboard screen, tap **Get Started** under My Health Check-in.

The screenshot below is what it will look like if you have already completed your health profile.
