

Did you know?

Money Matters: Financial Guidance

Your GuidanceResources® program knows how difficult it is to manage money wisely. Whether you need to save for summer camp or college tuition, are planning for that vacation of a lifetime or just need some tips for setting up a household budget, we can help. Call us to speak with one of our in-house CPAs, Certified Financial Planners or other financial experts to get free, confidential information and resources on a wide range of money matters.

How It Works

Suppose you want to find a college savings plan or create a budget to help you save for your dream vacation. Just call with your questions and our financial experts will research and provide answers tailor-made to your needs.

What can we help you with?

There is virtually no limit to what we can research:

- College savings plans and student loans
- Home-equity loans and their alternatives
- Budgeting for a big purchase
- Eliminating credit card debt or loan repayment plans
- Questions about estate planning or retirement plans

Regardless of your planning needs, you can count on your GuidanceResources® program year round for spot-on information, resources and referrals. Call us for free, confidential assistance anytime, 24 hours a day, seven days a week.
