Welcome to Anthem

We're here to help you use your health plan with confidence

Why Anthem

At Anthem, we're dedicated to improving your health and providing quality coverage to the 47 million people who have an Anthem health plan.¹ To make sure you're receiving safe, quality care and service, we review the benefits and programs you use to know what's working — and learn where we can take action — to help you be your healthiest self. With an Anthem plan, you'll have access to a variety of benefits, including:

The nation's largest network

Anthem gives you access to more than 1.7 million doctors and hospitals — the nation's largest network of care providers, which touches every ZIP code in the U.S.²

No- or low-cost preventive care

Your plan covers preventive care at little or no added cost when you see a doctor in your plan's network. Preventive care, such as your annual physical, vaccinations, and screenings, can help you stay healthy and catch issues early when they're easier to treat.

Convenient virtual care

Virtual care allows you to connect directly to care from anywhere with a smartphone, tablet, or computer with a camera. You'll be able to meet with a board-certified doctor through video or chat with little to no wait time.³

Health and wellness programs

Your Anthem benefits offer access to a variety of programs, digital tools, and health guides at no added cost to help you with your individual health needs and goals.

³ In addition to using a telehealth service, you can receive in-person or virtual care from your own doctor or another healthcare provider in your plan's network. If you receive care from a doctor or healthcare provider not in your plan's network, your share of the costs may be higher. You may also receive a bill for any charges not covered by your health plan.

Review the available plan to see how it can fit your healthcare needs

You deserve peace of mind when it comes to your healthcare. An Anthem health plan gives you that and more, supporting you every step of the way with coverage that fits your needs and your budget.

Review the health plan before making your selection. You will want to check to see if your doctors are in the plan's network, which will help you make the most of your benefits and save money.

PPO

With a preferred provider organization (PPO) plan, you can go to almost any doctor or hospital — giving you more choices and flexibility.

- Choose a primary care doctor in the plan's network for preventive care, such as checkups and screenings.
- No referral is needed from your primary care doctor to see a specialist, such as an orthopedic doctor or a cardiologist — saving you time and money.
- You'll pay less if you choose doctors and facilities in your plan's network.

Anthem Diamond Providers

Healthcare providers who meet our high standards are called Anthem Diamond Providers. This rating tells you they're focused on delivering:

- Personal, quality care.
- A good patient experience.
- Overall better health.
- Lower costs.

When you're looking for a primary care doctor or specialist, choosing one of these providers gives you another reason to feel more confident about your care.³ Once a member, look for the official diamond symbol next to their name when you search for care on our **Sydney™ Health** app or **anthem.com**.

Find care

Use our **Find Care** tool to see if your doctors are in the plan's network by visiting **anthem.com/find-care**

³ For a full list of qualified expenses, go to anthem.com/qme.

⁴ There are plans that require you to pay a copay at the time of service.

Pharmacy benefits

Reliable prescription drug coverage

Having the right medicine at the right time can make a big difference in your health and well-being. We're here to help you access the medications you need, when you need them, while also saving money.

Your plan covers:

- Brand-name and generic drugs on your drug list.
- Certain preventive drugs at a more affordable or no extra cost to you.
- Most specialty drugs required to treat an ongoing health matter or serious illness.

Coverage requirements

Certain medications require you to take other steps before your plan covers them.

- **Preapproval, also known as prior authorization**, helps ensure your medications are safe and appropriate. If necessary, we'll work directly with your doctor to find the best fit with no action needed on your part.

- **Step therapy:** You may need to try other medicine before we can cover the one your doctor prescribed.
- **Quantity limits:** To help protect your health, your plan may limit how much medication you can receive each month.
- **Dose optimization:** If a higher strength is available, you may be able to switch from taking multiple doses to a single dose each day.
- **90-day supply:** If you take maintenance medication for ongoing conditions like asthma, diabetes, or high cholesterol, your plan may require that you set up a 90-day supply at a local pharmacy or through CarelonRx Pharmacy home delivery.

Review your drug list

Your plan uses the drug list below. It includes hundreds of generic and brand-name prescription drugs in every therapeutic class that can help keep your costs down. Choosing a medicine on your drug list can help you pay less — especially when compared to paying out of pocket for medicines that aren't covered.

Your plan includes various drug lists with details about brand-name and generic drugs. Check the lists for your medications; if they are not covered on the list, you'll see other options

Visit:

- https://fm.formularynavigator.com/FBO/143/National_3_Tier_ABCBS.pdf

To understand pharmacy benefits:

- Review your medication list to see if your prescriptions are covered.
- Use the Price a Medication tool on **SydneySM Health** to find the best price in your plan's network, which can save you more when buying certain medicines.
- Check to make sure your local retail pharmacy is in your plan's network by using the Find a Pharmacy tool on **SydneySM Health**.
- Explore home delivery with CaredonRx Pharmacy to make getting your regular prescription medications easier and help lower your costs.
- Get more information on our specialty pharmacy once you have a health plan. Most specialty drugs are covered if you need them.

Your pharmacy options

You have choices for filling your prescriptions, including local retail pharmacies in your plan's network and convenient home delivery with CaredonRx Pharmacy. If you use a specialty medicine, it will need to be filled through our specialty pharmacy.

The **Base Network** is our national pharmacy network with nearly 70,000 retail pharmacies across the country.

To find a pharmacy, visit

[anthem.com/pharmacyinformation/rxnetworks.html](https://www.anthem.com/pharmacyinformation/rxnetworks.html)

and choose the Base Network list.

Plan extras

Extra benefits that support your whole health

Once you enroll in your Anthem health plan, you'll have access to a variety programs and resources — at no added cost. These programs will help you to improve your overall health, save on the cost of care, and better manage a health condition if you have one.

Condition support

Managing a health condition can be hard, which is why we have programs to help you coordinate care and manage your care more easily. Whether you're managing diabetes, heart disease, or asthma, help is just a call, tap, or click away.

24/7 NurseLine

A registered nurse is available to answer your health questions anytime, day or night. They can help you decide where to go for care and find doctors and other healthcare professionals in your area.

Case Management

A care management team will reach out to help you as you transition home from surgery or if you have a serious health condition. They'll answer your questions about your follow-up care, medicines, or treatment options, coordinate benefits for home therapy or medical supplies, and find community resources for you.

ConditionCare CORE

A dedicated care management team, including dietitians, health educators, and pharmacists, is available to help you learn about and manage chronic health conditions, such as asthma, chronic obstructive pulmonary disease (COPD), diabetes, heart disease, or heart failure.

Lark Diabetes Prevention Program

ABCBS and Lark have come together to offer you this 12-month program at no extra cost as part of your health plan. This prevention program can help you lose weight and lower your risk of developing type 2 diabetes. It's flexible, customized for you, and follows guidelines from the Centers for Disease Control and Prevention (CDC) to help you make small changes that can improve your health.

Maternity

Our maternity programs help support you no matter where you're at in your parenting journey. From planning a family to raising small children, there's resources available to help you thrive.

Building Healthy Families

Offering 24/7 digital support, Building Healthy Families is here to help your family with everything from preconception and pregnancy to childbirth and early childhood. The program features an extensive content library to support diverse families, including single parents and same-sex and multicultural couples. You'll have access to a library and other tools, such as fertility, diaper change and feeding trackers, due date calculators, and blood pressure monitoring.

Behavioral health

When life gets tough, it can be hard to remember you're not alone. Your Anthem health benefits include a variety of support for your mental health and emotional wellbeing, which can help you take better care of all the other things that matter in your life.

Behavioral Health

Extra support can make a difference with things like depression, anxiety, substance use, or eating disorders. Our caring professionals will work with you to arrange counseling and support services that meet your individual and family needs.

Emotional Well-being Resources, Administered by Learn to Live*

Emotional Well-being Resources is here to help you identify the thoughts and behavior patterns that affect your emotional well being — and work through them with online programs and personalized coaching. Learn effective ways to manage stress, depression, anxiety, and sleep issues.

*Learn to live is an independent company offering online tools and programs for behavioral health support. Learn to Live is an education program and should not be considered medical treatment.

Whole health connections

Staying on top of your health is important but can sometimes be hard to do on your own. We connect you to the right resources that can help you more easily meet your goals.

Smart Rewards

Earn rewards for living healthier every day, such as when you have a wellness exam, read educational articles, or take a class on healthy eating. Check with your benefits administrator for all the details, including a list of healthy activities.

SpecialOffers

SpecialOffers features discounts on a variety of programs that help promote better health and well-being. Discounts are available on products and services for dental, vision, hearing, weight loss, fitness, family planning, pet insurance, health supplements, and skincare.

Quality care options

Looking for a new specialist or lower cost options for surgery can be time consuming, but we have solutions to help. When you search for a doctor or facility on **anthem.com** or the **SydneySM Health** app, we'll let you know which doctors or facilities provide quality care and are recognized for lower costs.

Blue Distinction Centers

If you need substance use treatment, surgery, or another major procedure — such as bariatric surgery, cardiac care, knee or hip replacement surgery, spine surgery, a transplant, or cellular therapy — look for the Blue Distinction Centers for Specialty Care (BDC) or Anthem Centers of Medical Excellence (CME) designation. These care providers are recognized for quality care and better overall results.

Total Care PCP

The primary care doctors in our Total Care program take a whole-health approach to your care. They take the time to make sure your overall care makes sense based on your health and care history, medications, and lab results. These care providers offer extended office hours with additional ways to receive care, such as by phone and email.

Plan tools and resources

Make the most of your benefits

Your health plan comes with tools and resources that make it easier to access your benefits and find care.

Find Care

Our **Find Care** tool is a great way to find care providers in your health plan's network. Even if you haven't yet enrolled, using this tool to see if your current care providers are in the plan's network can help you make the right choice during open enrollment and save you money on care. Search by the doctor's name or specialty, type of procedure, or facility. If you don't yet have an Anthem health plan, you can still access the Find Care tool on [anthem.com/find-care](https://www.anthem.com/find-care) and search as a guest.

- Select **Basic search**.
- Select the type of plan or network — **Medical Plan or Network** — then select the state in which your employer's plan is contracted. Most often it's where the company's headquarters are located.
- Select how you get health insurance, which is Medical (Employer Sponsored).
- Choose a plan or network by entering the National PPO (BlueCard PPO). Then select the **Continue** button.
- Enter your *city, county, or ZIP code*. You also can search by doctor or procedure, as well as using other care-related terms.
- View results.

Anthem Health Guides

Highly trained Anthem associates are your personal health guides who can help you with all your healthcare needs. They can help you find doctors in your plan's network, connect with the right resources, and stay on top of preventive screenings and tests. Once you have an Anthem health plan, reach an Anthem Health Guide by calling the number on your health plan ID card, using the **SydneySM Health** app, or visiting [anthem.com](https://www.anthem.com).

SydneySM Health app

Once you have an Anthem health plan, you'll be able to access your benefits and digital health plan ID card, wellness resources, and the **Find Care** tool with the **SydneySM Health** app.

The app brings your benefits and health information together in one convenient place and works with you to guide you to better overall health.

Notes:

- Dependent Age Limit: to the end of the month in which the child attains age 26.
- Members are encouraged to always obtain prior approval when using Out-of-Network Providers. Precertification will help the member know if the services are considered not medically necessary.
- No charge means no deductible / copayment / coinsurance up to the maximum allowable amount. 0% means no coinsurance up to the maximum allowable amount. However, when choosing an Out-of-Network Provider, the member is responsible for any balance due after the plan payment.
- The Primary Care Physician and Specialist office visit copay applies to both office and facility based office visits for evaluation and management services only.
- Costs may vary by the site of service. Other cost shares may apply depending on services provided. Check your Certificate of Coverage for details.
- The limits for physical, occupational, and speech therapy, if any apply to this plan, will not apply if you get care as part of the Mental Health and Substance Use Disorder benefit.
- ‡ You will pay your PCP or Specialist office visit copay for certain services provided in their office.
- If you have received Urgent Care at an Outpatient Facility (e.g., Hospital or Ambulatory Surgical Facility), benefits for Covered Services will be paid under "Outpatient Facility Services" which is generally coinsurance or coinsurance after your deductible is met.
- Ohio's House Bill 388 and the Federal No Surprises Act establish patient protections including from Out-of-Network Providers' surprise bills ("balance billing") for Emergency Care and other specified items or services. We will comply with these new state and federal requirements including how we process claims from certain Out-of-Network Providers.
- The representations of benefits in this document are subject to Ohio Department of Insurance (ODI) approval and are subject to change.

This summary of benefits is a brief outline of coverage, designed to help you with the selection process. This summary does not reflect each and every benefit, exclusion and limitation which may apply to the coverage. For more details, important limitations and exclusions, please review the formal Evidence of Coverage (EOC). If there is a difference between this summary and the Evidence of Coverage (EOC), the Evidence of Coverage (EOC), will prevail.

Earn and redeem your rewards

1. To view your rewards, log in to **[Sydney Health](#)**, or go to **[anthem.com](https://www.anthem.com)**.
2. Next, go to **Access Care** and select **My Health Dashboard**.
3. You can select **My Rewards** to see a snapshot of your reward status, as well as ways to earn more rewards.
4. You also can select **Redeem Rewards** to see how much you have earned.⁴

Use your rewards toward electronic gift cards for popular retailers, such as Amazon, Apple®, all Gap brands, Target, The Home Depot®, T.J. Maxx®, Uber, and Uber Eats. Minimum gift card amounts are set by each individual retailer.

You must redeem your rewards by September 30, 2026.

Scan this QR code to view your rewards on the **[Sydney Health](#)** app.⁴

¹ All preventive care activities and diagnostic A1c lab tests should be processed through Anthem Blue Cross and Blue Shield claims in order to trigger the respective reward.

² Annual cholesterol test eligibility: men 35 years and older and women 40 years and older with a full cholesterol (lipid) panel.

³ Adult members identified as moderate or high risk are eligible for ConditionCare and may receive a reward for completion of one of five ConditionCare programs: chronic obstructive pulmonary disease, coronary artery disease, asthma, diabetes, and congestive heart failure. Reward is \$25 for program completion.

⁴ Rewards must be redeemed by September 30, 2026. Minimum gift card amounts are set by each individual retailer.

We encourage you to actively participate in your rewards program. Rewards earned should be redeemed before the end of the current plan year. Unused rewards are forfeited three months after the end of your plan year.

All preventive care activities are claims based, which means your completion is determined when a claim is processed. Medical waivers apply to claim-based activities.

Rewards eligibility applies only to subscribers and their enrolled spouse or domestic partner. Members must be active on the plan, and their activity must take place during the plan year. A subscriber and spouse or domestic partner may earn rewards when eligible activities are completed and, in some instances, are verified by an Anthem claim.

The reward amount you receive may be considered income and subject to state and federal taxes in the tax year it is paid. You should consult a tax expert with any questions regarding tax obligations.

Electronic gift card availability may vary. The list of retailers available for electronic gift card rewards redemption is subject to change. Log on to [anthem.com](https://www.anthem.com) or open the Sydney Health app to see the electronic gift card options available to you.

Sydney Health is offered through an arrangement with Carelon Digital Platforms, a separate company offering mobile application services on behalf of your health plan.

Receive virtual care and support

through our Sydney Health mobile app

When you aren't feeling your best—physically, mentally, or emotionally—or you need guidance managing a health condition, help is available. You can connect to the care you need using our **SydneySM Health** mobile app. You can have a video visit with a doctor 24/7 for common health issues and annual wellness visits. Care for mental and emotional health is available by appointment.¹ Plus, the Sydney Health app is your avenue to specialized programs designed to help you improve your habits and your health.

Visit with a doctor for common medical concerns

Doctors are available anytime, with no long wait times and no appointments needed. They can help you with health issues, such as a cold or the flu, allergies, sore throat, migraines, or skin rashes. During your private and secure video visit, the doctor will assess your condition, provide a treatment plan, and send prescriptions to the pharmacy of your choice, if needed.³

Receive care for your behavioral health

If you're feeling anxious or depressed, or having trouble coping, you can set up a video visit with a therapist, psychologist, or psychiatrist.⁴ Appointments can be scheduled within one to two weeks.¹ Psychiatrists help manage medications; they do not provide counseling or talk therapy.⁵

Get care from anywhere

Virtual visits on LiveHealth Online are an included benefit for Anthem members

Get the care you need, virtually.

Looking for a quick and easy way to get care? With LiveHealth Online, you can access telehealth visits from anywhere. All you need is a smartphone, tablet, or computer!

Care options available to you through LiveHealth Online:

Annual Wellness. Visit with a primary care provider who can help with preventative screenings, chronic health concerns, and referrals for lab work and specialists as clinically appropriate. Annual wellness visits are an important part of maintaining good health, managing chronic conditions, and preventing potential health issues.

Virtual Primary Care. Get regular health visits and checkups with virtual primary care. It's like an office visit with a primary care provider (PCP) — without the office. You can even choose to see a network PCP regularly, so you have the same provider taking care of you over time.

Urgent Care. Get care 24/7 for common health issues, including allergies, COVID-19 symptoms, the flu, sinus infections, and UTIs. Physicians assess your symptoms, provide a treatment plan, and send prescriptions to the pharmacy of your choice when needed.

Allergy. Doctors can provide a treatment plan and send prescriptions to the pharmacy of your choice anytime. No need to wait to feel better. Doctors can treat common allergy symptoms including itchy, puffy, and watery eyes, congestion, runny nose, itchy throat, and more.

Therapy and Psychiatry. See a therapist online from the comfort of your couch to get help for anxiety, depression, panic attacks, stress relief, and more. Psychiatrists are also available by appointment and can prescribe medication when talk therapy isn't enough.

Preventing diabetes just got easier

SMART SCALE INCLUDED!

Introducing Lark Digital Health Coaching

People with prediabetes have higher than normal blood sugar which can substantially increase the risk of developing type 2 diabetes. People often don't even know they have prediabetes, because it can occur with no symptoms. The good news is that there are steps you can take now to decrease your risk.

Your employer has teamed up with Lark to bring you access to the tools you need to take those steps and prevent type 2 diabetes. Available 24/7 on your smartphone, the Lark Diabetes Prevention Program is included at no extra cost as a benefit of your health plan. If you qualify, you'll also get a digital scale with the opportunity to earn a Fitbit®.

Together we can help you:

Create healthy eating habits

Reach or maintain a healthy weight

Make time for physical activity

Manage stress levels

Improve sleep quality

Set and reach your health goals

Get started with a quick eligibility survey

Scan this QR code with your smartphone camera to get started.

Or visit lark.com/anthem

Eligibility requirements for the Lark Diabetes Prevention Program include qualifying as prediabetic according to a survey designed by the Centers for Disease Control and membership in a participating health plan. You may be eligible to earn health-related devices such as a scale or Fitbit® at no cost to you. The ability to earn health-related devices may vary by health plan and may contain minimum program engagement requirements, such as weighing in, completing missions with your digital coach, and logging activity or meals. Eligibility determinations are made by Lark at its sole discretion.

Skip monthly trips to the pharmacy with our 90-day benefit

You can even save money!

Not one for going to the pharmacy every month and standing in line to refill your prescriptions? There's no need. With our 90-day benefit options, you'll have the convenience of getting the medicine you need with fewer trips to the drugstore. You can even have it delivered to your door!

Here's something else that's great: When you get a 90-day supply of your medication, you're more likely to stay on track with your therapy and avoid emergency room visits, hospital stays or tests that may be needed when you miss doses.*

Best of all? This benefit is offered at no extra cost to you.

90-day fill required after two courtesy fills (30 days)

Rx Maintenance 90: Save time, stress and money!

Refill your prescriptions for a 90-day supply of maintenance drugs through Rx Maintenance 90. Maintenance drugs treat long-term conditions like asthma, heartburn or diabetes. Depending on your plan, you may even save on the cost of your prescriptions compared to what it would cost for three 30-day supplies.

When you use your Rx Maintenance 90 benefit, you must fill prescriptions for maintenance drugs at a Rx Maintenance 90 pharmacy, or through home delivery. Whether you choose a Rx Maintenance 90 pharmacy or home delivery, you'll pay the same home delivery copay! It's easy and convenient.

There are more than 25,000 pharmacies to choose from. Here's how to find one near you:

- Log on to anthem.com and choose **Pharmacy**.
- On the *Pharmacy* page, choose **Find a Pharmacy**.
- Enter your ZIP code or city.

On the go? Use the Sydney app to find nearby pharmacies.

Just download the app and log in. Next, choose **Prescriptions** and then **Find a Pharmacy**.

Start using your 90-day prescription benefit today and spend less time at the pharmacy!

Protecting your privacy

How we keep your information safe and secure

As a member, you have the right to expect us to protect your personal health information. We take this responsibility very seriously, following all state and federal laws, as well as our own policies.

You also have certain rights and responsibilities when receiving your healthcare. To understand how we protect your privacy, rights, and responsibilities when receiving healthcare, and your rights under the Women's Health and Cancer Rights Act, go to [anthem.com/privacy](https://www.anthem.com/privacy). For a printed copy, please contact your benefits administrator or Human Resources representative.

How we help manage your care

To see if your health benefits will cover a treatment, procedure, hospital stay, or medicine, we use a process called utilization management (UM). Our UM team is made up of doctors and pharmacists who want to be sure you receive the best treatments for certain health conditions. They review the information your doctor sends us before, during, or after your treatment. We also use case managers. They're licensed healthcare professionals who work with you and your doctor to help you manage your health conditions. They also help you better understand your health benefits.

For additional information about how we help manage your care, go to [anthem.com/memberrights](https://www.anthem.com/memberrights). To request a printed copy, please contact your benefits administrator or Human Resources representative.

Special enrollment rights

Open enrollment usually happens once a year. That's the time you can choose a plan, enroll in it, or make changes to it. If you choose not to enroll, there are special cases when you're allowed to enroll during other times of the year:

- **If you had another health plan that was canceled.** If you, your dependents, or your spouse are no longer eligible for benefits with another health plan (or if the employer stops contributing to that health plan), you may be able to enroll with us. You must enroll within 31 days after the other health plan ends (or after the

employer stops paying for the plan). For example: You and your family are enrolled through your spouse's health plan at work. Your spouse's employer stops paying for health coverage. In this case, you and your spouse, as well as other dependents, may be able to enroll in one of our plans.

- **If you have a new dependent.** You gain new dependents from a life event, such as marriage, birth, adoption, or if you have custody of a minor and an adoption is pending. You must enroll within 31 days after the event. For example: If you marry, your new spouse and any new children may be able to enroll in a plan.
- **If your eligibility for Medicaid or SCHIP changes.** You have a special period of 60 days to enroll after:
 - You (or your eligible dependents) lose Medicaid or the State Children's Health Insurance Program (SCHIP) benefits because you're no longer eligible.
 - You (or your eligible dependents) become eligible to receive help from Medicaid or SCHIP for paying part of the cost of a health plan with us.

Sydney Health is offered through an arrangement with Cereon Digital Platforms, a separate company offering mobile application services on behalf of your health plan.

In addition to using a telehealth service, you can receive in-person or virtual care from your own doctor or another healthcare provider in your plan's network. If you receive care from a doctor or healthcare provider not in your plan's network, your share of the costs may be higher. You may also receive a bill for any charges not covered by your health plan.

Virtual text and video visits powered by K Health. LiveHealth Online is offered through an arrangement with Amwell, a separate company, providing telehealth services on behalf of your health plan.
